

American Society of Safety Engineers Region VI

February 25, 2012

To: Chapter Officers and Members,

On behalf of your fellow members in Region VI and myself, I wish to welcome you to the Region and ASSE.

As a member of this Region, you are now part of a peer team that is forward thinking and believes in the advancement of our profession. You have very knowledgeable and dedicated advisors to your Chapter in Mr. Garlapati and Mr. Patel to assist you in becoming established.

I look forward to representing the India chapter in ASSE and hope to support your members. I will be assisting Ms. Lassie Dunn, ASSE International Manager in ASSE to make your experience a very rewarding endeavor.

Because of the time differences, I have been excusing the international chapters from our conference and webinar calls. You will be provided information, via email from the Region ARVP – Mr. Mike Wolf with access to the meetings so that you may have input to our Region operation.

Again, welcome to ASSE and Region VI.

Sincerely,

Vincent R. Miller Jr. CSP
Region VI Vice President
